

## SEMINAR ON QUALITY MANAGEMENT FOR ROBUST LABORATORY PRECLINICAL RESEARCH

Berlin, April 27<sup>th</sup> 2021

15:00 – 18:30 h

*(Run as virtual event; login information will be communicated separately)*

| <b>AGENDA</b> |  |                                     |
|---------------|--|-------------------------------------|
| 15:00 – 15:20 | Welcome & Introduction: Why quality management?  | DECIDE Team –<br>Natascha Drude     |
| 15:20 – 15:50 | Quality management in biomedical preclinical research: burden or boon?   | Ulrich Dirnagl                      |
| 15:50 – 16:05 | <i>Break</i>   |                                     |
| 16:05 – 16:35 | Quality management in academic preclinical biomedical research: the PREMIER project  | Claudia Kurreck                     |
| 16:35 – 17:05 | EQIPD – towards an industry standard for preclinical data quality  | René Bernard                        |
| 17:05 – 17:20 | <i>Break</i>   |                                     |
| 17:20 – 17:50 | The electronic laboratory notebook as a tool for improving quality in academic research  | Ingo Przesdzing                     |
| 17:50 – 18:20 | QMS feasibility – theory meets practice: Lessons learnt from harmonisation of protocols, documentation and communication in academic multicentre studies | Maren Hülsemann<br>& Natascha Drude |
| 18:20 – 18:30 | Closing remarks  | DECIDE Team                         |
