Senioren-Park „carpe diem“, Wermelskirchen Qualified nurse	03/2007 – 08/2007
Rubaga Hospital, Kampala Qualified nurse	10/2006 – 02/2007

Teaching Experience

University Hospital Hamburg-Eppendorf

Course in Basics of Laboratory Animal Science according to FELASA B (since 2018):

Lecture “Ethics of animal research“

Theory and practice of animal research ethics. What is the value of animal research? Value and waste in biomedical research.

Background of and challenges related to the “reproducibility crisis“ in science and biomedicine. Approaches to overcome the crisis (e.g. publication bias, weak study designs, null-results, registries, open science, reporting guidelines etc.)

Hannover Medical School

Study program “Medicine“ (2015-2018)

Lecture “Clinical Terminology“

Course “Health systems and equity“

Structures and stakeholders of the German health system. Allocation of medical resources; priority setting; Reimbursement in the Statutory Health Insurance.

Course “Research ethics“

From bench to bedside: what makes medical research ethical? Principles of research ethics (e.g. Consent, risk benefit evaluation, etc.); value/waste debate and its implications for evidence based medicine; ethical aspects of off-label and compassionate use.

Course “End of life decision making”

Assisted suicide: legal and ethical aspects.

Study program “Public Health“ (Master) (2015-2018)

Course “Introduction in Public Health Ethics”

Mandatory vaccination policies, public health, and the individual: normative reflections on Public Health programs. Ethical frameworks to support systematic decision making.

Study program “M.Sc. Infection Biology” (AMIBA) (2017)

Lecture “Ethics of Translation– Translational Ethics“

Introduction in fundamental ethical principles of biomedical research; Value and waste in biomedical research; ethics of translation and the concept of “translational ethics”: evaluation and quality management of governance and ethics in practice; what is “Meta-

Research”?; broad consent, data access and sharing, risk-benefit assessment, trials registration, publication bias

Funding and awards

European Health Forum Gastein (EHFG): [Young Forum Gastein](#) Scholarship (2016)

Robert Bosch Foundation, WHO Regional Office Europe, and European Health Forum Gastein: Young Forum Gastein Health Diplomacy Workshop, Copenhagen (2017)

Academy for Civic Education Tutzing (APB): Fellowship „[BDiD – Big Data in Discourse](#)“ (2017-2019)

European Health Forum Gastein (EHFG) and EIT Health: [EHFG Hackathon 2018](#)
